Do you wish to be remembered as an American Veteran or preserve the name of a loved one who honorably served the United States of America? Now you can!

The City of Brentwood, in conjunction with local Veterans groups, is raising \$140,000 to build the final of three elements in Veterans Park to pay tribute to our Veterans while elevating community awareness of the United States' preservation of freedom throughout the world.

The first memorial element includes six (6) granite monuments with plaques and flags representing the military branches. The second includes the Memorial Rose Garden in which the donation tiles and memorial tiles are placed among the beautiful rose garden.

The final proposed memorial area will be located in the northwest corner of the park site. This element will provide a quiet and contemplative area with benches and shade trees in orchard rows reflecting the history of Brentwood. White granite blocks will be incorporated into the design. This area will provide a space for larger gatherings on Memorial Day, Fourth of July, Labor Day, Veterans Day and other days of remembrance.

Your donations are critical to allow for the construction of this project. Your purchase of a memorial tile today will move this project closer to reality.

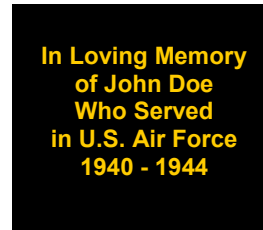

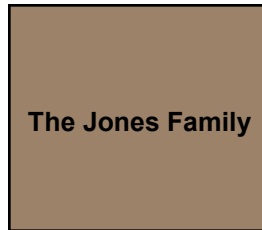

Memorial Tiles

Two types of tiles are available. The beige tiles are intended to recognize those that are serving or have served or can be for any individual, family, or organization that wishes to donate. This line can include the name of an individual, a family, or organization. The black tiles with gold lettering are to memorialize those that have given their all and died while serving our country.

Tiles are 8" x 8" and can be engraved with a maximum of 5 lines of text with up to 18 letters each. The donation amount is \$102.50 per line. For example, if you wish to purchase a tile with 3 lines, then the donation amount would be \$307.50.
